

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24849

Stream : Turkey Creek

Applicant : Manhard Consulting
Nicholas W Smith
2050 Finley Road, Suite 50
Lombard, IL 60148-4837

Description : A culvert crossing is proposed. Specific project information will be added to the description as the application is further reviewed. Details of the project are contained in information and plans received at the Division of Water on May 15, 2008.

Location : Approximately 800' north and 1000' west of the 85th Avenue and Austin Road intersection
near Schererville, St. John Township, Lake County
NW¼, SW¼, SW¼, Section 22, T 35N, R 9W, St. John Quadrangle
Quad Code: 4108744
UTM Coordinates: Downstream 4590670 North, 462430 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Application # : FW-24854

Stream : Unnamed Tributary Greasy Creek

Applicant : Speedway Conservation Club
Randy Weiss
9905 East County Road 100 North
Brownsburg, IN 46112

Description : The existing spillway serving an existing earthn dam will be widened from 63' to approximately 73' in order to accomodate the 100% PMP event. Details of the project are contained in information and plans received at the Division of Water on May 20, 2008.

Location : Approximately 500' North of the Greasy Creek Road stream crossing
near Beanblossom, Jackson Township, Brown County
NE¼, NE¼, SW¼, Section 6, T 9N, R 3E, Nashville Quadrangle
Quad Code: 3908622
UTM Coordinates: Downstream 4344376 North, 565367 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24867

Stream : Big Blue River

Applicant : Wayne & Cody Terry
4719 West Old Trail Road
Knightstown, IN 46148-9256

Description : Various amounts of fill are proposed to be placed within the floodway of Big Blue River. Barns will be construction on top of the fill. Details of the project are contained in information and plans received at the Division of Water on May 30, 2008.

Location : Beginning approximately 150' north and 110' east of the State Route 140 stream crossing and extending 375' north and 195' east
DOWNSTREAM: near Knightstown, Wayne Township, Henry County
SE¼, SE¼, SE¼, Section 33, T 16N, R 9E, Knightstown Quadrangle
Quad Code: 3908575
UTM Coordinates: Downstream 4405201 North, 626304 East

30 Day Public Notice Report

Application # : FW-24869

Stream : Sugar Creek

Applicant : Montgomery County
Brett Cating
818 North Whitlock Avenue
Crawfordsville, IN 47933-1448

Description : The existing Montgomery County Bridge No. 512 carrying Lafayette Avenue over Sugar Creek will be rehabilitated. Curbs, sidewalks, bridge drains, bituminous pavement, and approach guardrail with end treatments will be replaced. Spalling and delaminated areas of concrete will be repaired on the underside of the arch structure. Riprap will be placed at the base of the center pier to fix the scour and will also be placed along the faces of the exterior piers to prevent future scour. The length of the existing 303' 9" 3-span reinforced concrete earth filled arch bridge will remain the same. The approach road and bridge will not be raised. Details of the project are contained in information and plans received at the Division of Water on June 2, 2008.

Location : At the Lafayette Avenue stream crossing (Montgomery County Bridge #512) at Crawfordsville, Union Township, Montgomery County
SW¼, NE¼, NE¼, Section 31, T 19N, R 4W, Crawfordsville Quadrangle
Quad Code: 4008618
UTM Coordinates: Downstream 4433344 North, 507922 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

- Application # : FW-24876
- Stream : Ohio River
- Applicant : Consolidated Grain & Barge
Chuck Long
5130 Port Road
Jeffersonville, IN 47130-8410
- Description : The facility is proposing to install one (1) 90' diameter by 93'-6" steel grain storage bin. The site of the proposed steel grain bin has a current elevation of 461.0', NGVD. The bin will have a reclaim tunnel which is open at each end and the tunnel floor will have an elevation of 461.0', NGVD or higher. Details of the project are contained in information and plans received at the Division of Water on June 10, 2008.
- Location : Along the west (right) bank of Ohio River at river mile 597.5
near Jeffersonville, Utica Township, Clark County
Clark Military Grant #7, Jeffersonville, IN-KY Quadrangle
Quad Code: 3808536
UTM Coordinates: Downstream 4241645 North, 616563 East
- Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10
- Application # : FW-24877
- Stream : St. Joseph River
- Applicant : Jan Warner
11997 Riverview
Osceola, IN 46561-9319
- Description : A steel sheet piling retaining wall will be constructed along 24' of the applicant's frontage. The wall will have height of 36". The area landward of the proposed wall will be backfilled and leveled with the top of the wall. Dead men will be placed every 9' along the new wall. Details of the project are contained in information and plans received at the Division of Water on June 11, 2008 and June 23, 2008.
- Location : Beginning approximately 2650' upstream of the Bittersweet Bridge stream crossing and continuing 100' along the left bank
near Osceola, Penn Township, St. Joseph County
SW $\frac{1}{4}$, SW $\frac{1}{4}$, NW $\frac{1}{4}$, Section 8, T 37N, R 4E, Osceola Quadrangle

30 Day Public Notice Report

- Application # : PL-21064
- Lake : Big Barbee Lake
- Applicant : John T Duncan
1507 Matter Park Road
Marion, IN 46952-2032
- Description : An approximate 80' by 300' existing channel will be restored to its original condition. Muck and debris will be hydraulically dredged to a maximum depth of 8' below the legal lake level at the center of the channel and will slope uniformly to a depth of 0.5' at the shoreline. The dredge spoils will be pumped to an upland containment area for dewatering and disposal. Adequate detention time will be provided to allow suspended sediments to settle out of the decanted water before returning the water to the lake. Details of the project are contained in information and plans received at the Division of Water on June 11, 2008.
- Location : Along the channel connecting Big Barbee Lake with Little Barbee Lake, just south of the McKenna Road crossing
near North Webster, Tippecanoe Township, Kosciusko County
NE¼, SW¼, NE¼, Section 28, T 33N, R 7E, North Webster Quadrangle

Application # : PL-21085

Lake : Sylvan Lake

Applicant : Chris Schenkel
1120 Saint Marys Avenue
Fort Wayne, IN 46808-3429

Description : I am applying for a permit to operate an aerator under my piers and boat lift at 1215 Hilltop Dr, Sylvan Lake. We have used an aerator for 20 years to prevent damage to our sheetpile seawall, piers and two boat lifts. We have no place to store the lifts on our property due to the hill being so steep. Our piers are tucked in to the east of Sherbondy Point, the open water caused by the aerator generally does not extend past our pier, there is no public access to the lake near us, Sherbondy Point also keeps snowmobilers well away from our piers. Neighbors on either side have no objections to the aerator and I will submit their approval when I have a contact and file number. I will post a warning sign at the pier. I also have picture of the open water caused by the aerator a day or two before the ice left the lake Details of the project are contained in information received electronically at the Division of Water on June 26, 2008 and in plans and information received at the Division of Water on

Location : 1215 Hilltop Drive

Lake : Sylvan Lake

Applicant : John E Arnold
1230 Silica Court
Fort Wayne, IN 46845-9011

Description : An existing, concrete seawall will be recapped with a new concrete seawall along 90' north bank of the lake to deter bank erosion. The new wall will be approximately 4' high, as measured from the lakebed, will have the same alignment as the existing wall, and will tie into existing seawalls located on adjacent properties located to the east/west. The seawall to be repaired runs the full length of the property on Sylvan Lake. There is a 6' wide boat slip in the seawall that will be filled in with concrete and a boat house that will be filled in with clean sand and topped with concrete level with the sea wall. Details of the project are contained in information received electronically at the Division of Water on June 26, 2008 and in plans and information received at the Division of Water on

Location : 490 Spring Beach
at Rome City, Orange Township, Noble County
